DATE: 3/6/2012

SUBJECT: Request to approve a renewal agreement (Clerk's File) with the California Family Health Council, Inc. in the amount of \$124,260 to conduct reproductive health outreach and education activities in calendar year 2012.

RECOMMENDATION

It is recommended that the Board approve: (1) the renewal agreement with the California Family Health Council, Inc. in the amount of \$124,260 to conduct reproductive health outreach and education activities for calendar year 2012; and (2) authorize the Health Officer to sign any amendments to the agreement for Title X family planning services with the California Family Health Council, Inc. that do not increase the level of General Fund support for the Division.

DISCUSSION

The Title X Family Planning program is a federal program begun in 1970 upon enactment of Title X of the Public Health Services Act. Title X grant funding is dedicated to providing individuals with comprehensive family planning and related preventive health services. The Title X program gives priority to individuals from low-income families and is designed to provide access to voluntary contraceptive services, supplies and information.

In California, the California Family Health Council, Inc. (CFHC) has been designated as the state's Title X grant administrator. CFHC awards grants to local organizations who meet need and infrastructure requirements for the Title X program. In December 2011, San Luis Obispo County was notified of renewed funding for calendar year 2012. The funds will be used to conduct outreach and reproductive health education for underserved and highest need populations. Target groups include individuals with limited English proficiency, migrant workers, males, adolescents, incarcerated individuals, and WIC clients and low-income breastfeeding women, particularly those seen at the Public Health Paso Robles clinic.

OTHER AGENCY INVOLVEMENT/IMPACT

County Counsel has approved the renewal agreement as to form and legal effect.

FINANCIAL CONSIDERATIONS

The Title X Family Planning agreement provides funding in the amount of \$124,260 for calendar year 2012 (January 1, 2012 through December 31, 2012). The agreement for calendar year 2011 was in the amount of \$130,800. All expenditures are 100% offset by the Title X revenue.

Approval of this agreement will not increase the level of General Fund support required by the Public Health Department. The decrease of just over \$5,000 can be managed by decreasing the amount of educational materials and other supplies.

RESULTS

Approval of the recommended action will allow the Public Health Family Planning program staff to continue to offer reproductive health outreach and education to underserved population groups. More specific goals of the initiative include:

- Clients will be informed about contraceptive methods in order to plan for parenting/childbearing.
- Clients will receive current information/education on pre-conception care, in order to have children born healthy.
- Clients will be assisted in establishing reproductive health plans and in gaining access to reproductive health clinical services.

Target numbers by high-risk, hard-to-reach populations are as follows:

Persons with Limited English Proficiency	750
Migrant Workers	350
Males	200
Adolescents	200
Incarcerated persons	200
WIC Clients	400
Breastfeeding Women	200

The overall result of this enhancement to the Family Planning program will contribute to the County-wide goal of a Healthy Community.
